## **The Class of 2007 would like to dedicate this book to our favorite teacher, Mr. Brian Shacochis**

### **SHACK**

So, I was asked to write something for Brian Shacochis, for Shack, to tell you how great he is, and to give reasons for why he was chosen by the senior class of 2007 for the dedication of the yearbook. Well, I could say that he loves his students, and that he accepts all of them. I could say that he loves his job, and that there is nothing he would rather do than teach. Yes, I could say those things. I could tell you all about him in terms like those, but those are the typical phrases said about any teacher that wins an award. No, Shack is different. You cannot just define him in short typical phrases or in words you search for in a thesaurus. Shack is someone you have to know to understand, he is the kind of teacher you would put in your speech while winning an Academy Award. He is the man that you will think of years after you leave this school and wonder "I wonder how he's doing". Shack has taught me not only what is in his curriculum, but what is in his heart as well. He is the kind of man that is not afraid to ask how your day is going, knowing that he could be there for hours listening.

**4**

From the moment I met him I knew that he would be truthful in his words, and would truly tell me if my video

project needed "a lot of work". To me, Shack is not just a teacher, but a friend. He is a man whose opinion I trust and whose determination I admire greatly. He stands alone when it comes to teachers, and is rare when it comes to friends. I know that I speak on behalf of not only myself, but for anyone who has ever come in contact with Brian Shacochis, when saying that he is someone who truly knows what life and love are all about.

--Michael F. Dubois

## The Class of 2007 would like to dedicate this book to the Custodial Staff

The Class of 2007 not only realizes, but appreciates the custodians' hard work at Marshfield High School. We thank you for the shiny floors and windows, for the clean tables and chairs in the cafe and classrooms every day, for helping us with our lockers, and for making every athletic game, musical event and dance look like a special occasion.

# got integrity?

Integrity [in-**teg**-ri-tee] – noun

1. adherence to moral and ethical principles; soundness of moral character; honesty.
2. the state of being whole, entire, or undiminished.
3. a sound, unimpaired, or perfect condition.

Principal Keuthner likes to begin each year with a new theme. This year's is a focus on honesty and moral, in other words, integrity. The leadership summit, held every summer, focused on how trusting in one another and in ourselves brings us integrity. Everyone who was there **got** a jump start to the school year. From the camp, Mr. Keuthner brings integrity to the school environment in hopes to show the rest of the school how **Integrity** does matter.

# Powder Puff History is Made

The Junior Class Girls made their mark in history winning every game of the first annual Powder Puff competition. Although the Seniors put forth a valiant effort, they were the clear "powder puffs" compared to their fierce competitors. The Sophomores and Freshmen tied for last place.

# TO THE TOP

Seniors this year took a trip, maybe not of epic proportions in the literal sense, but of the metaphoric sense. The hike to the top represents the hike to the top of their high school career. Several seniors who went on the trip expressed what they thought. "It really meant a lot to me. Every senior should have this experience to really see how far they have come in their schooling career." While the Blue Hills are far from an actual mountain, the view is amazing and the message is the same: the seniors have come far from their freshman days and have reached the summit of their high school education. Principal Keuther spoke about this and mentioned how proud he is of the Class of 2007. Everybody made it up and back even though it may have been some what a **long way to the top.**

# Showing Some School Spirit

The week before Thanksgiving is always a festive time. The halls get decked, followed by a pep rally, and the annual Thanksgiving Day Game vs. Duxbury wraps up spirit week. The competition is fierce and the class with the best hall, loudest Ram cheer, and overall best school spirit wins. This year's winner of spirit week was the Sophomore Class because they displayed the most school spirit.

This year we had more writers and artists than ever before; and hopefully it showed in our publications. Maybe not in the numbers produced, but in the product published. It has been the intentions of the Rampage staff and all of our correspondents to service our community – Marshfield High School and beyond; our friends, family and members of our town. We hope you have been entertained, enlightened and most of all, feel as though we have done our job as budding journalists. ## Dancing Rams

Under the direction of Coach Heather O'Neill, this year's Dance Team is really steppin' in line! After rave reviews at their debut performance at the Thanksgiving Day Pep Rally it was on to the TD Bank North Garden to perform at the Boston Celtics Pre-Game Show on December 6th. Their performance was spectacular and the crowd went wild!

Captains: Kayla Dagnello & Kristen Marzell.

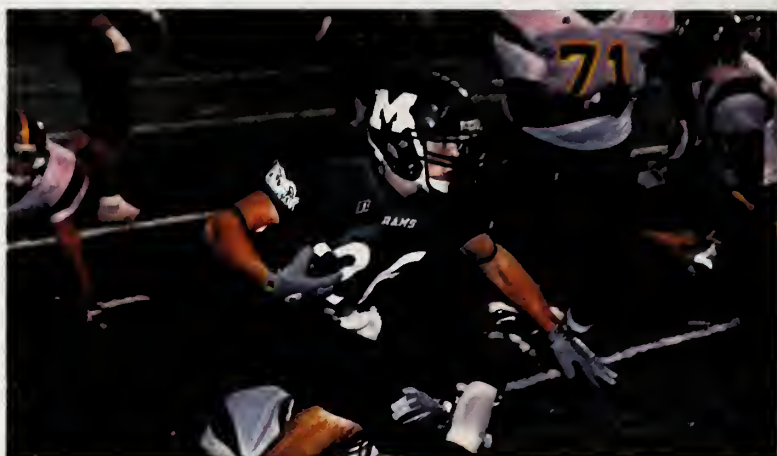

Team members: Lindsay Clark, Katie Conway, Jenna Hanson, Stef Hayner, Jessica Jordan, Heidi Paige, Emily Ryder, Kaitlin Sanflippo, Kim Taleas, Chanel Torrey, Stacey Knowles, Taylor Kelly, Paige Murphy, Micaela Donovan, Julia Halkiotis, Kristen Marzelli, Tyla Miller, Taylor Koelsch, Chelsea Graham, Devon Bethanis, Elizabeth Smith

# League Champs!

This year's football team was one to be remembered. With a powerful offensive line and a solid defense, this year's team has proven itself time and time again. The Rams went undefeated in the regular season and won the ACL, beating a very strong Plymouth North team to clinch a share in the title. The following week the Rams played a flawless game against Dennis-Yarmouth to win the ACL title outright.

On Thanksgiving the team put an end to its three year skid against rival Duxbury, winning in the final quarter. This win allowed Marshfield High School to enter the Super Bowl, where we had a tough loss to Wayland. Six seniors from the football team were named ACL All-Stars, including Garrett Petti, Steve Mulligan, Will Nagle, Kurt Leon, Wendell Chipman and Jerry Freed.

# Girls Soccer

This season was an unforgettable one that had its many downs and ups. Over the course of the season, the team grew as a whole. The team included a variety of ages from freshmen to seniors, in which everyone was important. The girls had an outstanding game beating Whitman-Hanson 1-0 to make it into the South Sectional Finals. From endless pasta parties to team sleepovers, the girls became extremely close and hardworking. All of the seniors are proud to have had four amazing years representing the Marshfield Lady Rams.

# "MHS HAS A SWIM TEAM?"

The 2007 Swim Team had a great season with the help of their coaches, Mrs. Almeida and Mrs. "Barb" Toohey. Many girls made it to sectionals including Linda Gaudreau, Emily Karr, Erin Cambell, Vanessa Bertoni, Emily Burnham, Victoria Medieros, and Jessica Kenney. Our very own Linda Gaudreau made it to States with her 100 meter butterfly stroke. The girls brought many triumphant victories and finished second in their league this year.

### One Determined Captain

Swim Team Captain Jess Kenney was one of the most determined swimmers on the team this fall. She was the only senior this year, and has improved immensely during her four years on the team. Her hard work paid off, going to sectionals for the 200 meter relay. Jess's determination will lead her to great things in the future. She will be missed.

# Sharp Shooters

Hampered by injuries all year, the MHS Varsity Girls Basketball team had many young players who stepped into leadership roles this season.

The girls finished their regular season with a .500 record, 10-10, and went into the post-season tournament ranked #16. In the first round of tourney play they faced a higher ranked Attleboro and won by 10 points. In the second round the girls played hard, but fell to the number one ranked Needham team.

Their biggest win of the year came against Quincy at home after losing their first match against the Presidents by 1 at the buzzer. "That was a great one," Burghardt fondly recalled.

# ACL Champs

This year's golf team was so solid, that for the first time in nearly twenty years the boys claimed the Atlantic Coast League's title. The North Quincy Red Raiders came into the title match expecting an easy victory, however, the Rams thought differently. Led by seniors Jesse Miller, Dean Kurciviez, and Matt Viall, three of the top players on the team, the Rams destroyed the Raiders 47-24. The squad's over all record was 11-3, posting an 11-2 in the ACL. Next fall the team expects to have another strong season with some consistent players returning to the course.

# Built Ram Tough

This year's Ram wrestling squad finished up a strong season with only two losses – ending their winning season with a tough loss to North Attleboro, in the South Sectional Semi-Finals. The team was full of experience and skill, held together by senior captains Wendell Chipman and Malcolm Lahage, pushing them to achieve throughout the season. “The whole team stepped it up this year,” said Lahage. “We were a solid squad.” One major point in the season was when the team rallied to win the Cohasset Tournament, defeating all 12 teams earning their right as “champs”. The team's final record was 23-2, and they sent four to All-States and from there two went on to the New England competition.

# Boys Indoor Track

Overall, we had a great season. Our team worked really hard – practice six days a week, meets in Boston, and training in difficult conditions inherent to New England winters. I think the best aspect of our season was seeing the improvement in kids who may not have all the natural abilities of the other athletes but who come to practice everyday, work so hard, and by the end of the season you can see how much it pays off for them. Our team really stepped it up for some big wins this year and I'm proud to have finished my high school career with this team.

# LEAGUE CHAMPS!

The Girls Cross Country Team has shown that they can have fun and still be the toughest competitors in the ACL.

For the second straight year they went to the All State Championship in Northfield Mountain, where the girls ranked third in MA, which included Divisions 1 & 2.

When asked what has been the best experience for the team, Captain Lauren Donahue said “..Bringing home the first state trophy ever in Marshfield!”

The MHS volleyball team finished off a tough regular season in dramatic fashion, winning their last regular season game to go 10 to 10 and advancing to the State Tournament. The girls beat Braintree in the first round but lost to Barnstable in the second round. The girls kept the match close and went out with a fight. This year's team was filled with record breakers. Senior Steph Jones broke the record for number of aces in a game, Senior Shelby Burghardt set the school record for kills in a season, and Nicole Sullivan broke the record for blocks in a season, ending with 88 blocks.

# Ice Queens

During the 2005-2006 school years, many of the now varsity hockey players started playing on a club team. The girls however, thought that they deserved to be a varsity sport. Along with their parents, the girls put in a tremendous amount of effort to make their dream a reality. They did a great deal of fundraising and proved to the faculty and students that they wanted to be a varsity sport more than anything. Their hard work eventually prevailed and the girls became a varsity sport for the 2006-2007 season. On the team there are only four seniors, seven juniors, three sophomores, and seven freshmen. Some of the girls have never even skated or played hockey before. The girls hard work paid off in the end and they had a great season.

# League Champs!

It's not easy to be newcomers in a competitive league, especially as the returning DI State Champions; however the boy's hockey team handled it especially well this season.

The Rams got off to a painfully slow start losing some tough games to powerful teams. They gained momentum though as the season progressed, and the team rallied around their captains to finish strong. Ending their season 15-8-1 over-all, the Rams won the ACL for the first time in many years. Other notable wins came against Xavarian early this year and their over-time victory over Brockton in the first round of the MIAA Tournament Playoff action.

Dear Class of 2007,

From the bottom of my heart, thank you so much for letting me join you in some of your adventures these past four years at Marshfield High School. I have absolutely loved watching all of you grow up into the amazing young adults you are today. You are brilliant, vivacious, well-rounded, and possess more personality than any other class I've seen pass through these halls.

Of all the events you've made a success (and there were many!), your junior prom was the highlight for me so far. It was like a flash-forward to your adulthood, and I felt like your very proud "big sister." You walked in with your heads up, beaming, confident, enjoying life. I saw your future success and triumphs reflected in the strength that you were projecting. As a class, you have so much to offer this world. I wish you great happiness in all your future endeavors!

Love,

Katie Horne

Class Co-Advisor

Dear Members of the Class of 2007,

These past four years have gone by so quickly. I watched you as freshmen, not as an advisor, but homeroom teacher and hall monitor. You gave me the look, as I bellowed to you to get into homeroom because the bell had rung, and I got to know you as I would attempt my way through the hallway in the morning. Sophomore year came and went, and Junior year is when it happened. I was asked to be your co-class advisor, and was excited at the opportunity to become a part of your class. Now homeroom teacher and hall monitor took on a new meaning as I helped with events such as Deck the Halls and the Junior Prom. I was able to see you from a new perspective and marvel as you grew into young adults so full of potential. Now as seniors, I have been fortunate to have many of you as students and share with all of you in the excitement of completing your time at MHS. As you leave this school to begin the next adventure in your life, go with confidence, go with grace, and go with pride. Remember, "When you have faith, all things are possible."

Love,

Allison Cleary

Class Co-Advisor

# Class History

We walked through the doors of Marshfield High School in September 2003 as intimidated, excited freshmen. We were amazed and maybe even afraid of those "big bad" seniors, we got lost in school, and of course, we naively tried to find the pool on the third floor. But now, it's our turn, we are those "big bad" seniors, and this makes me realize how far we have come as a class.

Freshmen year, we decked our hall "Jungle" style. It came out great, and still is said to be one of the best freshmen hallways there ever was. After that, we experienced our first Homecoming, Semi-Formal, and of course, Freshman Fun Night, which was a huge success. By the end of freshmen year, we were loving high school life.

As sophomore year began, we were all excited to no longer be the youngest kids in school. We knew the routine, and how to get around, and were proud of it. Deck the Halls came along again, and this year we decorated with a "Pirates of the Caribbean" theme. It came out great, and with all our teamwork we came out in second place. In March of sophomore year, we planned a great Fashion Show, themed "New York" style. We were all so excited to dress up in clothes from places like Cache to Marshalls. We strutted our stuff for the evening, and had a great time.

Another year past, and it was onto junior year. Not only were we excited to be juniors, but we were now officially upper-classmen. We knew there were big things to come this year, and everyone was excited to start out. After another successful Deck the Halls, "Time Warp", we entered the winter sports season. Our hockey team, who never before had so many fans, fought a tough season and made it to "The Garden" for the State Finals. After a well fought game, we became Division One State Champions of 2005, and I've never seen so much school spirit. The next big thing on everyone's mind was of course, what was said to be one of the best, most memorable nights of our lives, Prom. The prom committee quickly grew in size, and everyone was working hard to create the perfect evening. Themed "This Moment" and held at the Quincy Marriott, Prom was elegant, extremely successful, and a memorable time for all.

And here it was, the year we had all been waiting for... senior year. We made it, we were finally on top. We kicked off the year with Meeting on the Mountain, which truly united us as a class. Everyone thought climbing Blue Hills Mountain would be a breeze, but, we must admit, it was a bit more of a challenge than we expected. We made it to the top of the mountain and realized all the cooperation and effort of everyone it took to get everyone to the summit, and were proud to have made it. And of course, who could forget those crazy Rap Battles we had at the top of the mountain? Next up, it was time for our last Deck the Halls, themed "Alice in Wonderland". It was one of, if not the best Deck the Halls to date for our class. We worked extremely hard together, and even though we didn't take the top prize, our class has never had so much fun and been so proud of itself when seeing the final product of our hall. Entering the winter season, one of the best things yet happened. As a class, we got to see our fellow seniors on the Rams Football team make it to the Super Bowl, the cherry on top of what was proving to be a great year. We were looking forward to planned events such as Senior Boat Cruise, Senior Night Out, and of course, Graduation. We got measured for our caps and gowns and bought our 2007 tassels. Our class was closer, happier, and more excited than ever before. There are so many memories we have as a class that we will always cherish, and of course there are the great many little individual memories we remember to ourselves, the best of times that we had with our closest friends.

So it is to you the Class of 2007, I want to thank for the most amazing, unforgettable four years. We have come so far; we've gone from being scared little freshmen, to confident seniors ready to take on the college life. Thank you to everyone who helped along the way, congratulations and good luck with everything in the future!

Love,

Jessica Lee

## Editor-in-Chief Joey Rossi

### The Staff:

Editor-in-Chief: Joey Rossi

### The Theme:

The decision of this year's theme was given to the Senior Class of '07, and the overwhelming result was the Marshfield Fair. The book is split into six sections which include the Introduction, Clubs and Academic Activities, Sports, Portraits, Senior Section, and Friends & Family. The circular page numbers resemble the lights at the fair and are color-coded based on each section. A red line which resembles a roller coaster are under every major divider page title. And of course, the play on words of "fair" are used to tie the theme of the book together.

### The Trials:

Working on the book via computers equals problems. We spent a good share of our time dealing with network glitches, finding deleted pages, and other usual problems. We as a staff stayed after every Friday and every half day, and sometimes even came in on the weekends or over vacation. But through it all we always had some fun. Joey Rossi, our Editor-in-Chief, was nicknamed the "Dictator" for all the work he made us do (his way), but the end result is this book, and we can all say how proud we are of it.

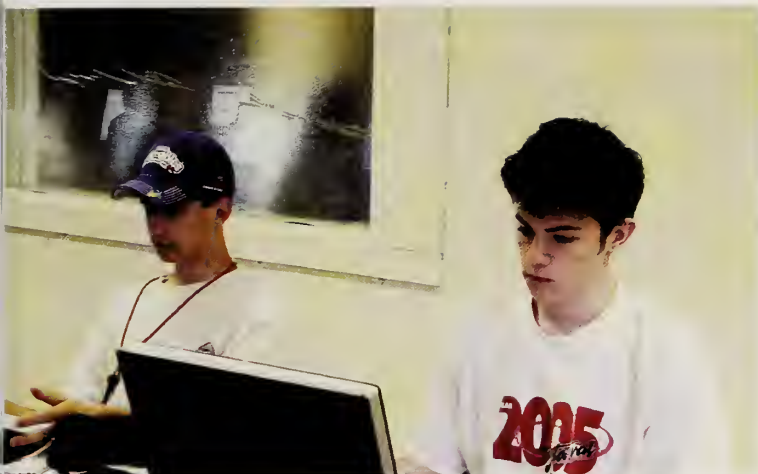

### The Book:

Volume 112 of *The Tide* (2007) "Marshfield Fair" was made by the Yearbook Staff at Marshfield High School in Marshfield, Massachusetts. All the font in this edition was AHJ Goudy Sans. The cover was designed by Editor-in-Chief Joey Rossi and created by Herff Jones and is set on a matte cover. The cost of this yearbook was \$95, but students were given a discount price of \$85 if they bought the book before October 31, 2006. This book was printed by Herff Jones in Gettysburg, PA.

### The Gratitude:

We would like to thank Mr. Keuther, Ms. O'Brien, Mrs. Winterson and the RamPages Staff, Mrs. Muha, Mrs. Langley, Bob McGrath and his staff at McGrath Studios, Norm Reynolds, Doug Hall, Dan Brannam, Jeff Loiselle, the English Department, Ned Constantine, Linda Mauss and the crew at the Herff Jones Gettysburgh Plant, and of course our Herff Jones Rep, Dan "the Man" Smith. We would also like to extend our thanks to everyone who donated pictures, articles, time, or effort for our yearbook-you helped us make it the best book yet.

Joey Rossi and Alex Pilat

Morgan Wiedmann, Jess Mahoney, and Jenn Mahoney

## Yearbook Camp 2006

### The Editors Note:

Dear Readers,

This book was a lot of hard work to organize and put together. There were days we stayed after school that I thought we were going backwards! The year began by going to our annual Yearbook Camp at Bridgewater State College where I designated myself as Yearbook Dictator and for good reason: now I would have the chance to produce a high quality book with attention to detail in the layout, the pictures, and the cover--and that quality became my number one goal in the product which you see here. I kept the students, and particularly, the seniors, in mind when we laid out this book. For the first time, the Senior Class was given the choice of what they wanted the theme of the yearbook to be, and chose the Marshfield Fair. We took a design route which incorporated subtle elements such as the page numbers on the side, and play on the word 'fair' to pull the book together. We added an index for the first time to allow kids to know where in the book they appear, and in my opinion, this is truly the greatest yearbook Marshfield High School has ever seen. To the senior class, I am proud to give you a book that will remind you of the treasured moments of your high school experience. I hope everyone will enjoy this yearbook as much as I had had fun creating it. With great gratitude to everyone who helped bring this book to life, and best wishes,

*Joey Rossi*

Go For it!  
Life lived gloriously...freely  
Not sitting back and waiting  
but reaching out to experience the  
joys and sorrows  
questions and answers  
struggles and victories  
and everything in between.

Go for it!  
Not timidly, fearfully  
inching into life's waters,  
but plunging in  
with courage  
and faith  
and hope  
Knowing the freedom of total  
commitment.

Go for it!  
Not isolated...alone, but living  
and learning  
and growing with others  
Knowing their support  
and sharing it with them.  
Go for it!  
Rejoicing in the world around you  
the people who share it...  
the God who made it.

Wow, you both have grown so fast. I was just reminiscing about you two hanging out with the gang and climbing trees. You've come a long way from breaking that "glass". You've both grown to have such style and class. Speaking of class, the "Class of 2007" is here at last. Did you ever think your school days would go by so fast? With graduation just around the corner I keep thinking about all of the good times our families have shared. Together you've gone from training wheels and ice cream cones, ice-shows at the Boston-Garden and how both of our families moved here to Marshfield just in time for kindergarten. Lazy days at the beach, living on Cape Cod and Easter Dinner in Florida. You've skied on mountaintops and pounded the pavement in New York's Time Square taking in the sites. Boating, learning your way in and out of Boston and, oh yeah, let's not forget the "T". These places that you've seen are only the beginning of a lifetime full of dreams and memories. As you graduate know that the whole family sends their love and wishes of health and happiness for your whole life through. May the future hold many more happy memories for the both of you to treasure!!

The 2008 budget projection for fighting in Iraq and Afghanistan and repairing and replacing equipment lost in combat was an estimated \$141.7 billion. American death tolls in Iraq eclipsed 3,150 and the official total for Americans wounded surpassed 23,500.

2. Austrian police confirmed the identity of Natascha Kampusch, believed to have been held captive since her abduction as a 10-year-old.

3. Through the prime cruise season, there were breakouts of the highly contagious norovirus on ships sailing the world's seas. Hundreds fell victim to the virus' flu-like symptoms.

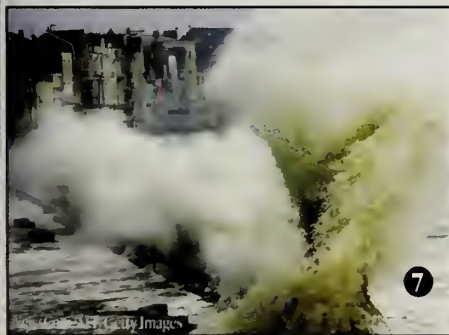

4. Congress extended Daylight Savings Time for the sake of energy efficiency. Clocks were changed March 11 rather than the first Sunday in April.

5. Texan Andrea Yates was found not guilty by reason of insanity of murdering her five children by drowning them in a bathtub five years ago.

6. A newborn male white buffalo in a Wisconsin herd attracted the attention of Native Americans who consider the animal sacred for its potential to bring good fortune and peace. This is the third white buffalo born into the herd.

7. In January 2007, Northern Europe was hit by an unusually strong storm which killed an Englishman when a falling branch crushed his car. Heavy rains and gale-force winds caused delays in air and sea travel. 8. Former State Department official Richard Armitage admitted that he inadvertently revealed CIA employee Valerie Plame's identity to reporters.

9. CBS correspondent Kimberly Dozier was the only member of her crew who survived a June car bombing in Baghdad.

11. As much as 75 percent of California's citrus crop was damaged in a January 2007 cold snap that lasted more than a week.

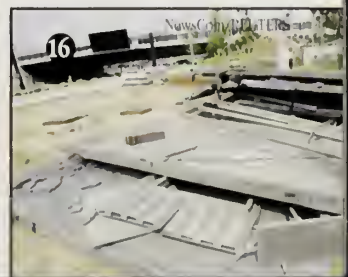

12. Gerald Ford, the 38th president, died on Dec. 26, 2006, and was buried in Grand Rapids, MI.

China successfully used a missile carrying a "kill vehicle" to blast an old Chinese weather satellite from its orbit 537 miles above Earth. U.S. government officials said that the test could undermine relations with the West and pose a threat to satellites important to the U.S. military.

A team of French doctors removed a cyst from a man's arm in a 10-minute mid-air surgery used as a feasibility study for possible surgery in space. The five-doctor team operated in near zero-gravity conditions produced by an Airbus 300 looping to create interval dives simulating weightlessness.

A Kansas teenager racked up perfect scores on the ACT and SAT. Jakub Voboril of Wichita got a 36 on the ACT on his third try. He received his SAT results shortly after the perfect ACT score: a perfect score of 2400. He did check out test prep books, but his advice: "Pay attention in class."

The baiji, a rare, nearly blind white river dolphin, is effectively extinct. Researchers say pollution and overfishing in the Yangtze River caused the species' demise. Plus, ship traffic there confused the sonar the baiji used to find food.

Americans won the Nobel prizes for physics (John Mather of NASA Goddard Flight Center and George Smoot from UC Berkeley with their satellite program that backed up the Big Bang theory), chemistry (Roger D. Kornberg from Stanford School of Medicine who studied how cells take information from genes to produce proteins), medicine (Andrew Z. Fire from MIT and Craig C. Mello from Harvard who discovered a way to turn off specific genes) and economics (Edmund S. Phelps from Columbia University for examining the trade-offs between inflation and its effects on unemployment).

1. The American Border Patrol monitors a 45-mile metal fence separating the two cities named Nogales. About 20,000 people live on the Arizona side (left); 200,000 on the Mexican side. Immigration remained an emotional issue. In addition to legislation strengthening border security, the Senate proposed programs where long-time illegal immigrants could apply for guest worker permits or "earn" their citizenship. Conservatives opposed the legalization plans, saying they amounted to "amnesty"

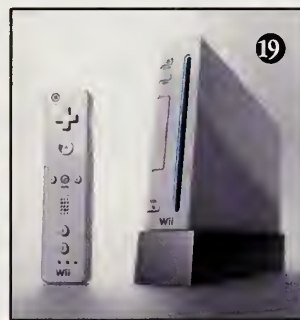

1

17. President Bush signed legislation in October authorizing tough interrogation of terror suspects and trials before military commissions. While Bush claimed that he knew the bill would save lives, the ACLU called it "one of the worst civil liberties measures ever enacted."

18. A 6.3 magnitude earthquake struck Indonesia on May 27, 2006, killing more than 5,800 and injuring 36,299. Thousands of aftershocks followed and hundreds of thousands were left homeless in central Java.

19. November releases of Playstation 3 and Wii were immediate sell-outs. Sony's 400,000 Playstation 3s cost \$600, but Nintendo priced the Wii at \$250 including one game and expected to sell 4 million units by year's end.

2. Congressman Boh Ney, R - OH, pleaded guilty to federal criminal corruption charges and announced he would not seek re-election.

7. January was warmer than usual in many parts of the country. Punxsutawney Phil predicted an early spring on Groundhog Day, but bitter cold, days of ice and as much as 10 feet of snow (in parts of upstate New York) typified February.

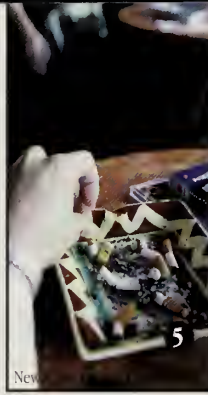

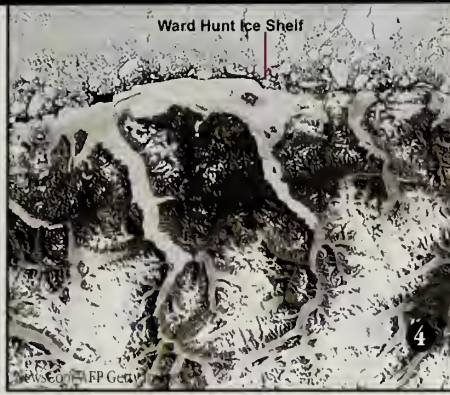

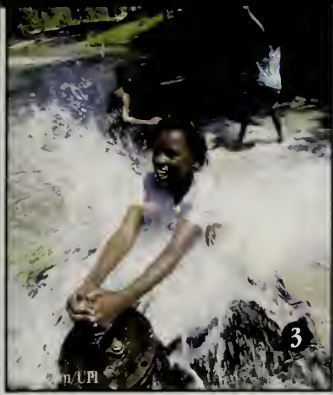

13. Animal rights activists were up in arms when more than 50,000 dogs were slaughtered in China in a government-ordered crackdown after three people died of rabies. Only military dogs and police canine units were spared.

21. Polar bears are considered a "threatened" species as scientists predict that global warming may eliminate their habitat entirely by 2040. The report said there is little doubt that global warming has been caused by human activities.

22. A woman who disappeared in the jungles of Cambodia as a child was found 19 years later. The 27-year-old, who does not speak, was identified by a scar on her arm. She disappeared in 1988 while herding buffalo.

Blast injuries killed Al-Qaeda leader Abu Musab al-Zarqawi in June when bombs were dropped on the Iraqi safehouse where he was meeting with associates.

In October, searchers found bones believed to have been overlooked in searches following the 2001 World Trade Center attacks. Search officials identified dozens of areas to be re-examined; the active search to identify the dead ended in 2002. More than 40 percent of the 2,749 victims have never been identified with DNA matches.

The Dow Jones industrial average closed above 12,000 for the first time ever on Oct. 19, 2006, and remained above that lofty benchmark through year's end.

Concentration camp and incarceration records would be the first Nazi documents released under a plan to make millions of files stored in Germany accessible to Holocaust researchers. Holocaust survivors have waited decades to see records meticulously kept by the Nazis; transport documents and death lists, and notes on concentration camp inmates ranging from their hereditary diseases to the number of lice plucked from their heads are included.
